Discovery: An Update for Litigators

Examinations for discovery can become routine. Don't let them. Learn how to get the most from this process. This Law Society of Ontario program will help you zero in on the key questions and go over the best practices to teach your client to be an effective witness. This enables you to consider what the transcribed record will look like and how you can incorporate it into your strategy. Discovery can be a great tool if you understand its potential.
